1. PowerPoint Presentation Instruction

- Please note that the session room will be equipped with a projector, screen, point device, microphone, and a laptop with Microsoft PowerPoint. We recommend the PPT/PPTX format instead of PPS. ISSED will support only MS PowerPoint. Please ensure that all presentations are in one of these supported formats.
- Please preparing your slides presentation format aspect ratio 16:9; resolution 1920 x 1080).

- If you use a Macintosh Computer (PowerPoint for mac or Keynote presentations) and have transferred your presentation to a Windows format, you must check your presentation to ensure that it is fully compatible with the symposium computers.
 - If you plan to use your own computer, please try the connection and make sure it works before your presentation.
 - ISSUED cannot provide support for embedded videos in your presentation; please test your presentation with the symposium laptop several hours before your presentation to make sure that they are well formatted and connected to the main files.
 - Only fonts that are included in the basic installation of MS-Windows will be available (English version of Windows). Use of other fonts not included in Windows can cause wrong layout/style of your presentation.
 - There is no size limit for presentations uploaded onsite at the Speaker Centre (it is however recommended that presentations do not exceed 500 MB).
2. Presenter will need to prepare USB flash drive and handed to symposium dedicated staffs to copy your ppt/pdf presentation into the laptop in the session room. You can also bring it earlier, during the coffee/ lunch breaks of any days before your presentation to make it available in the session room at the time of your presentation.
 3. Presenter should be in the corresponding session room at least 5 minutes earlier

Internet access will be available to presenters and attendees in all conference areas.
